

# The 8<sup>th</sup> IEEE International Conference on Artificial Intelligence Circuits and Systems

September, 16–18, 2026

HA LONG BAY, VIETNAM

## AICAS 2026: AI Circuits and Systems for a Sustainable Future

### CALL FOR CROSS-SOCIETY SPECIAL PAPERS

The Organizing Committee of AICAS 2026 invites proposals for Cross-Society Special Sessions to be held during the conference in Ha Long Bay, VIETNAM, September 16–18, 2026.

Cross-society special sessions are designed to complement the main program by focusing on emerging topics or innovative applications that span across traditional boundaries. Proposals should target timely, impactful research areas that are likely to stimulate cross-disciplinary collaboration and attract board interest. All papers submitted to Cross-Society Special Sessions will undergo the same rigorous peer-review process as regular submissions to ensure the highest quality standards.

Each Cross-Society Special Session must be jointly organized by members from at least two different IEEE societies (with supporting letter from the conference organizer). Organizers are expected to have successfully organized a similar special session at the respective flagship conferences of at least two IEEE societies. This helps in building momentum and visibility for the topic, and in attracting high-quality submissions from a broad spectrum of researchers.

Proposals should include the following information (3 pages max.):

1. **Title & Abstract:** A clear, concise title and abstract.
2. **Rationale:** Justify the topic's novelty and timeliness, elaborate on its relevance to the AICAS community, and alignment with the conference's innovation themes.
3. **Proposed Speakers:** Submit a complete list of presentations and speakers (in each associated paper). Technical sessions are normally expected to have 5 papers.
4. **Short Biographies:** Include brief bio-sketches of the proposers.
5. **Email Support:** A supporting email will be required at the submission of proposal from other societies. Please contact Chixiao Chen (cxchen@fudan.edu.cn) to obtain email support from AICAS'26 if you need it to get support from us.

**Cross-Society  
Special Session  
Co-Chairs**

**Chixiao Chen**  
Fudan University  
China

**Liangjian Lyu**  
East China Normal  
University, China

**Jinshan Yue**  
Inst. of Microelectronics,  
CAS, China

### Important Dates

- ▶ Special Session Proposal Submission
- ▶ Acceptance notification of Special Session Proposal
- ▶ Submission Deadline (Regular and Special Sessions)
- ▶ Acceptance Notification
- ▶ Submission of Camera-Ready Papers

**March 07, 2026**

**March 14, 2026**

**April 04, 2026**

**July 01, 2026**

**July 10, 2026**
